

# COMMUNICATION

The school office sends a text message daily to parents with news, reminders, and info. We use SchoolMessenger as our text system; all text messages from us will come from **67587**. Other schools in our area use SchoolMessenger with the 67587 code; our messages will always have ST JOHNS in the message header.

**It is important (REQUIRED) that at least ONE parent receives text messages and at least ONE parent receives email messages from our school office.**

# 67587

Parents and guardians may get an intro text message from 67587; please reply YES to receive our text messages.

## COMMUNICATION NOTES

We have school info to share with you, and SchoolMessenger is the simplest, fastest, and most efficient way for us to communicate with you.

When you enroll at St. John's, our school office will use the cell phone and email provided at enrollment; please update the school office if you change your phone or email.

Email messages sent from the school office via EDUCATE are sent in six different categories. You can select or deselect parent preferences for each category:

- General (news, announcements, reminders)
- School Closing
- Emergency
- Finance
- Attendance
- Academics
